Training/Internship Program Offer

(10766) Landscape Design Program – Laguna Hills, CA

Training Duration: 12 –18 months

Compensation: \$16.50 per hour

Housing: not provided

Number of Position Offered: 1

Host Company Description:

Located in Orange County, California, this award-winning landscaping company is a dynamic design firm specializing in creating innovative and sustainable outdoor spaces that seamlessly integrate with their surrounding environments. The studio focuses on a wide range of projects, including urban landscapes, residential gardens, and public spaces, with an emphasis on functionality, aesthetics, and environmental stewardship. With a collaborative and client-centered approach, combine creative design solutions with technical expertise to deliver thoughtful and impactful projects.

Training/Internship Program Details:

- Creating digital landscape designs, rendering landscape plans, construction details, and assisting with proposals and cost estimates for high-end residential and commercial properties based on accurate field verification, measurements, and analyses.
- Assist the Project Manager/Job Captain in designing and preparing plans, specifications, and documentation for landscape architectural projects across all phases, including concept development, schematic design, design development, and construction documentation.
- Develop creative design solutions and layouts for facilities and landscaped areas, incorporating project goals, client requirements, and environmental considerations.
- Collaborate with multidisciplinary teams, including architects, engineers, and contractors, to coordinate project elements and ensure seamless integration of landscape designs.

Applicant Qualifications:

- To apply for the **Internship** program, you must be an **architecture/landscape architecture** undergraduate student OR a recent graduate starting the program within 12 months of graduation.
- To apply for the **Trainee** program, you must hold a degree in **architecture/landscape architecture** and have at least 1 year of work experience in a related field OR be a career professional of 5 or more years of experience.
- Must speak advanced English (reading and writing)
- An in-depth understanding of landscape construction products, methods, and procedures.
- Experience in reading scaled landscape plans, engineering plan sets, and construction details.
- Previous experience in landscape design, including developing plans and specifications across project phases (concept, schematic, design development, and construction documents).

- Strong creative, problem-solving, and communication skills with the ability to collaborate effectively under the direction of the Project Manager/Job Captain.

How to Apply:

1. Submit a professional resume with a professional photograph
2. Submit a **PORTFOLIO / EXAMPLES OF WORK**
